

# SCHUYLKILL UNITED WAY

June 2011 – 2nd Quarter

## 2011 Day of Caring Recap

With over 115 people volunteering on April 15 & 16, we were able to complete over 15 projects, helping 10 of our agencies to improve their facilities. Check out the pictures below of some of the volunteers who helped their community!

Volunteers from Tobash Insurance painted the kitchen at Avenues.

Volunteers from Team Orwigsburg cleared away debris from behind the Salvation Army.

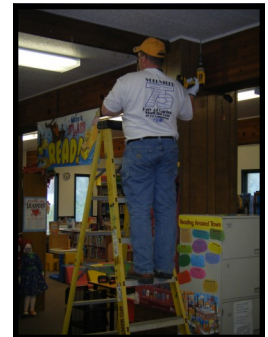

Volunteers from PPL built a fence around the lake at the Hawk Mountain Boy Scout Camp.

## APCI's Day of Caring

Air Products & Chemicals, Inc. of Tamaqua partnered with the Schuylkill United Way on Friday, May 20 in a volunteer effort to help the community. Over 50 volunteers from APCI came together to complete several projects around the Tamaqua area. To kick off the day, a cookout was held at Spare Time Bowling in Hometown with consumers from Avenues. Other projects included clean-up at Grier City Park, installing security cameras and painting at the Tamaqua Public Library, park clean-up and flower planting in Middleport, and restoring an altar for Marian High School.
